### **The Legal And Moral Rights**

Natural and legal rights are two types of rights. Natural rights are those that are not dependent on the laws or customs of any particular culture or government, and so are universal and inalienable (they cannot be repealed by human laws, though one can forfeit their enforcement through one's actions, such as by violating someone else's rights.) Legal rights are those bestowed onto a person by ...

Moral rights are rights of creators of copyrighted works generally recognized in civil law jurisdictions and, to a lesser extent, in some common law jurisdictions. They include the right of attribution, the right to have a work published anonymously or pseudonymously, and the right to the integrity of the work. The preserving of the integrity of the work allows the author to object to ...
