The Oxford History of the American People, Volume 2: 1789 ...

The Oxford Companion to American Law takes as its starting point the insight that law is embedded in society, and that to understand American law one must necessarily ask questions about the relationship between it and the social order, now and in the past. The volume assumes that American law, in all its richness and complexity, cannot be understood in isolation, as simply the business of the Supreme Court, or as a list of common law doctrines.
