the process by brion gysin - RELEASE DATE: May 9, 1969 Page after blinding page of eye-crossing, mind-splitting inward excursions all sand- storming around the pilgrimage of an American Negro, hashish-happy, in a real or imagined Sahara.

### THE PROCESS - Kirkus Reviews

In 1959, Gysin created the "Cut-Up Method," which entails cutting words and phrases into fragments and then rearranging them to create new meanings. He undertook these experiments together with his longtime friend and collaborator, Burroughs.

### Brion Gysin - 24 Artworks, Bio & Shows on Artsy

INTRODUCTION The Dreamachine was devised by Brion Gysin, artist, traveller, writer and alchemist; one of the unsung English painters of the 20th Century, expelled by Breton from the Surrealists, and the seminal influence who introduced William Burroughs to the use of cut-ups in writing.

### Full page fax print

The Dreamachine was conceived by artist, painter and writer Brion Gysin, along with his friend Ian Sommerville, in the early sixties. It is the first object in history designed to be viewed with closed eyes. The Dreamachine simply consists of a cylinder with holes cut into the sides which is placed on a turntable.
