Child and adolescent analysis relies heavily on work with the parents during every phase of the treatment. In addition to helping the child return to the path of normal, healthy development, child psychoanalysis aims to strengthen and restore the relationship between the child and parents to a more normal, loving and mutually gratifying one.

Child & Adolescent Psychoanalysis | APsaA

The good news is, parents can take steps to reduce the psychological effects of divorce on children. A few supportive parenting strategies can go a long way to helping kids adjust to the changes brought about by divorce.
