art Framework. art is an event-processing framework for particle physics experiments. In all previous experiments at Fermilab, and in most previous experiments elsewhere, infrastructure software (i.e., the framework, broadly construed) has been written in-house by each experiment, and each implementation has been tightly coupled to that experiment's code.

The National Theatre is located in Washington, D.C., and is a venue for a variety of live stage productions with seating for 1,676. Despite its name, it is not a governmentally funded national theatre, but operated by a private, non-profit organization.

National Theatre (Washington, D.C.) - Wikipedia

History. Red Hat Linux was one of the first and most popular Linux distributions. This was largely because, while a paid-for supported version was available, a freely downloadable version was also available.

The 50th anniversary of electroweak unification is coming up in a couple days, since Weinberg's A Model of Leptons paper was submitted to PRL on October 17, 1967. For many years this was the most heavily cited HEP paper of all time, although once HEP theory entered its "All AdS/CFT, all the time ...

50 Years of Electroweak Unification | Not Even Wrong

It's hard to say which scientist was the first to set eyes on the glowing ring that makes up the world's first image of a black hole. But astrophysicist Kazunori Akiyama was certainly one of ...

Information Management: A Proposal Tim Berners-Lee, CERN March 1989, May 1990 This proposal concerns the management of general information about accelerators and experiments at CERN.

The original proposal of the WWW, HTMLized

Prince once sang, "Orion's arms are wide enough 2 hold us both 2gether." While that may be true for lovers, it's not true for the universe as a whole, which is actually expanding. In the mid-'90s, we knew that the space between galaxies was constantly expanding, but it wasn't until 1998 ...

The Future, 80 Years Ago . When it came to 20 th-century grocery innovators, Piggly Wiggly was at the tip of the spear. Saunders founded the company in 1916 at a time when customers still handed ...

Long Before Amazon Go, There Was Keedoozle - The Crux

Physicists aren't often reprimanded for using risqué humor in their academic writings, but in 1991

that is exactly what happened to the cosmologist Andrei Linde at Stanford University. He had ...

Creating a Universe in the Lab? The Idea Is No Joke - The Crux

One of the great challenges in searching for life on other planets is that we still have so much to learn about life on our own Earth. Amazingly, that is true not only at the micro level of biochemistry and genetic codes, but at the macro level as ...
