The Caroline or Carolean era refers to the era in English and Scottish history during the Stuart period (1603–1714) that coincided with the reign of Charles I (1625–1642), Carolus being Latin for Charles. The Caroline era followed the Jacobean era, the reign of Charles's father James I & VI (1603–1625); it was followed by the Wars of the three Kingdoms (1642–1651) and the English ...

Human nature is defined by both both heartwarming, friendly daily interactions and deeply disturbing incidents where senseless conflicts occur. We all know how ridiculous many 'public freakout' videos online can be, where monumental reactions follow very minor slights. But what about when an entire country is involved and revenge and even war breaks out over international slights?

The Trojan War cycle is replete with anecdotes of homewreckers and homecomings. Sure, everyone knows the sad stories of Agamemnon and Clytemnestra and Odysseus and Penelope, but there are a few more tragic tales lurking in the background. Enter Nauplius, a nasty, vengeful sailor who made quite a few soldiers' returns from the war very, very miserable.

The reason the odds didn't change as much for the Padres (-115 to +135) as they did for the Red Sox (-180 to +105) is because the Red Sox are the home team and will not bat in the bottom of the ninth inning if they lead by one run or they will stop batting in the ninth inning if they go ahead by a

run, even if the bases are loaded and there are no outs, unless they score by home run.

Panama - Government and society: Panama has a popularly elected, representative system of government with executive, legislative, and judicial branches. Universal suffrage was instituted in 1907, and Panamanians 18 years of age and older are eligible to vote. After a coup by the National Guard in 1968, the national legislature was suspended, and Panama was administered by a provisional ...

Table 1 summarises some our key hypothesised mechanisms by which climate change may undermine human security and may, in conjunction with an array of non-climate specific factors, increase the risk of violent conflict. It is important to stress that climate change will not undermine human security or increase the risk of violent conflict in isolation from other important social factors.
