### **The Shift Future Of Work**

The Talent Shift, the latest study in Korn Ferry's Future of Work series, shows leaders lack awareness of their people problems, and—more importantly—that they're ill-prepared to transform their approach to talent. If companies can't buy the talent they need from the market, they must find alternative ways of filling critical roles.

I am convinced that the way we put our people to work and the talent companies' need demands a radical overhaul. Just over a year ago, Cognizant's Work Ahead research discovered a generation of leaders finding the digital shift difficult and under pressure. We found an executive class literally uncertain what to do, and how to do it.
