

The Shock Of Men Homosexual Hermeneutics In French Writing

The Shock Of Men Homosexual

Provocative, subtle, polemical, reasoned, contentious, witty—this is one of the first works to bring the insights of American gender studies and queer theory to modern French literature. It focuses on the complex relations among narrative, theory, interpretation, and homosexuality in the work of ...

The Shock of Men: Homosexual Hermeneutics in French ...

In The Shock of Men, Lawrence Schehr argues for a homosexual hermeneutics that would not be a hermeneutics of “the” homosexual: that is, for one that escapes from the “imprisoning binarism” of a theory that defines homosexuality as the “other” of a dominant heterosexuality and homosexual discourse in opposition to a hegemonic heterosexual discourse.

In his 1948 book, *Sexual Behavior in the Human Male*, Alfred Kinsey shocked the world by announcing that 10% of the male population is gay. A 1993 Janus Report estimated that nine percent of men and five percent of women had more than "occasional" homosexual relationships. To some people, homosexuality is a matter of perception and definition.

What Percentage of the Population Is Gay?
