The Winners Curse An International

Resource curse thesis. The idea that resources might be more of an economic curse than a blessing began to emerge in debates in the 1950s and 1960s about the economic problems of low and middle-income countries. However in 1711 the Spectator wrote "It is generally observed, That in Countries of the greatest Plenty there is the poorest Living", so this was not a completely new observation.

The Presidents' Trophy winner is guaranteed home-ice advantage in all four rounds of the Stanley Cup playoffs, provided the team advances that far. However, it does not guarantee that success, as only eight of all the Presidents' Trophy winners have gone on to win the Stanley Cup in their respective years, leading to a popular superstition that the Trophy may be cursed.

If you read books or search the internet for how to win the lottery, you'll find a lot of tips that don't work. Lottery frequency schemes (every number has an equal chance of winning, no matter how recently it was drawn), software that's supposed to be better at picking numbers, and other forms of wishful thinking abound.
