

United States Government Politics Section 1 Answers

United States Government Politics Section

The United States is a federal republic in which the President, Congress and federal courts share powers reserved to the national government, according to its Constitution. The federal government shares sovereignty with the state governments. The executive branch is headed by the President and is formally independent of both the legislature and the judiciary.

Politics of the United States - Wikipedia

The Federal Government of the United States (U.S. Federal Government) is the national government of the United States, a federal republic in North America, composed of 50 states, a federal district, five major self-governing territories, and several island possessions. The federal government is composed of three distinct branches: legislative, executive, and judicial, whose powers are vested by ...

Federal government of the United States - Wikipedia

United States, officially United States of America, abbreviated U.S. or U.S.A., byname America, country in North America, a federal republic of 50 states. Besides the 48 conterminous states that occupy the middle latitudes of the continent, the United States includes the state of Alaska, at the northwestern extreme of North America, and the island state of Hawaii, in the mid-Pacific Ocean.

Social media and politics in the United States ...

The United States is a federal republic. The federal government of the United States is set up by the Constitution. There are three branches. They are the executive branch, the legislative branch, and the judicial branch. State governments and the federal government work in very similar ways. Each state has its own executive, legislative, and judicial branches.
