Create an account - for all competitors!. The Princeton University Physics Competition offers high-school students from around the globe the opportunity to exhibit their physical intuition and mathematical prowess by solving challenging, out-of-the-box physics problems.

### **Princeton University Physics Competition**

The University Physics Competition is an international contest for undergraduate students, who work in teams of three at their home colleges and universities all over the world, and spend a weekend in November, 48 hours, analyzing a real-world scenario using the principles of physics, and writing a formal paper describing their work.

The Johns Hopkins University Applied Physics Laboratory We solve complex research, engineering, and analytical problems that present critical challenges to our nation.

### **Johns Hopkins University Applied Physics Laboratory**

Some of the major unsolved problems in physics are theoretical, meaning that existing theories seem incapable of explaining a certain observed phenomenon or experimental result. The others are experimental, meaning that there is a difficulty in creating an experiment to test a proposed theory or investigate a phenomenon in greater detail.. There are still some deficiencies in the Standard ...
