If you've searched "project prioritization" on the Internet, you've seen that most guidance comes from mid-level project portfolio management software providers. The usual recommendation is to prioritize projects by assigning subjective scores with respect to criteria (considerations judged potentially relevant to selecting projects, e.g., "speed to market", "competitive advantage", "alignment ...

How to Define the Value of a Project

Pricing your art is different from making art; it's something you do with your art after it's made, when it's ready to leave your studio and get sold either by you personally or through a gallery, at an art fair, online, at open studios, through an agent or representative, wherever.
