Warhammer 40k 6th Edition Necron

Necron Wraiths are gone, replaced by Canoptek Wraiths, which look like the old Wraiths mixed with Tomb Spyderys, and Pariahs are gone too (but you could still use your old Pariah models as Lychguard, since Lychguard also have Warscythes). 6th ed has dropped and the new FAQ's strongly favor the Necrons.

Description. For sixty million years the Necrons have slumbered, their tomb worlds filled with dormant armies and inactive war machines. Now they are awakening as if from half-remembered nightmares, and the galaxy shudders at their return. From vast crypt-fortresses, burnished legions emerge into the dying light of the 41st Millennium, a steel sea rippling beneath the crackling energy ...

Necrons, as you'd expect, are a great shooting kill team, advancing slowly on the foe while laying down a hail of gauss firepower. Options like synaptic disintegrators and tesla carbines provide even more options for slaying enemies at range. Necrons aren't just great at shooting - they're also very, very hard to kill.
