

*What Is Race Who Are Racists Why Does Skin Colour Matter And Other Big Questions*

### **What Is Race Who Are**

Ethnicity vs. Race. Race refers to a person's physical characteristics, such as bone structure and skin, hair, or eye color. Ethnicity, however, refers to cultural factors, including nationality, regional culture, ancestry, and language. An example of race is brown, white, or black skin (all from various parts of the world),...

### **Ethnicity vs Race - Difference and Comparison | Diffen**

A race is a grouping of humans based on shared physical or social qualities into categories generally viewed as distinct by society. First used to refer to speakers of a common language and then to denote national affiliations, by the 17th century the term race began to refer to physical (phenotypical) traits.

### **Race (human categorization) - Wikipedia**

In biology, races are genetically distinct populations within the same species; they typically have relatively minor morphological and genetic differences. Though all humans belong to the same species (*Homo sapiens*), and even to the same sub-species (*Homo sapiens sapiens*),...
