Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

Why Dont Students Like School
Willingham's thesis is that students don't like school because their teachers don't have a full understanding of certain cognitive principles and therefore don't teach as well as they could.

"Why Don't Students Like School?" Well, Duhhhh ...
which is the probable reason why so few people engage in it." They both had a point. Humans are good at certain types of rea-soning, particularly in comparison with other animals. Why Students Don't Like School - 11/2020
Willingham surely knows that school is prison. He can't help but know it; everyone knows it. But here he writes a whole book entitled "Why Don't Students Like School," and not once does he suggest that just possibly they don't like school because they like freedom, and in school they are not free. I shouldn't be too harsh on Willingham.

Why Don't Students Like School? - The Natural Child Project
Daniel Willingham is the guy who put learning styles firmly in their place.
